

Imanuel Eklesio

Jl. Kaji III No.32, Jakarta Pusat 10130
(+62)87888793353 imanuel.eklesio@gmail.com

EDUCATION

Bina Nusantara University, Jakarta

Bachelor of Computer Science

Department of Game Application and Technology

September 2020 – August 2025

GPA: 3.28

CAREER OBJECTIVE

To work for an organization that lets me improve my skills and knowledge about game development in all aspects including technical to social skills.

PROJECTS

2-Player Trivia Quiz Game

Cooperative work with another intern in making a trivia quiz with a “duelling” system where the player with faster and correct answers would get points (portrayed as increasing length of lightsaber, as the theme of the trivia was Star Wars).

3D Trash Sorting Game

Cooperative work with another student in making an educational game of sorting trash with 3 different types of minigames in 3D.

Gamification of Smartwatch App

Cooperative work with another intern in making an RPG oriented gamification that rewards the user for sleeping 8 hours (measured via alarm), and walking at least 8000 steps a day. Rewards the user with story progression, and stronger items for character idle fights.

TECHNICAL STRENGTHS

3D Modelling

Blender

UI Designing

Photoshop, Figma, Illustrator

Coding

C#, Java

WORK EXPERIENCE

PT. Bit Cerdas Indonesia, Jakarta

February 2023 – December 2024

Game Developer

Remote internship program as a Unity game developer. After training period, specialized in UI design and integration to the games.

CERTIFICATION

BINUS University- Frontend IT Bootcamp Program

15 August 2025

Microsoft – Azure AI Basic Fundamental

28 March 2025
